

Serving the Draft Horse and Mule People of Missouri

Who uses draft horses or mules anymore? You'd be surprised! In fact, these animals are being bred and put to work in increasing numbers all around us. We're really not hard to find at all.

The Missouri Draft Horse and Mule Association, Inc., founded in 1958, is a group of people dedicated to the preservation, utilization and improvement of these fine animals. The Association and its members actively support, sponsor and participate in many activities such as state and county fairs, plowing contests, Old Timers Days, seminars and horse sales. We have quarterly board of directors meetings, as well as an annual meeting for the entire membership. We also produce a newsletter six times yearly.

Missouri takes pride in the fact that her draft horses and mules make a definite contribution to the nation's agriculture, forestry and advertising industries. When the need arises, Missouri responds with her finest. Missouri can boast that, in addition to the widely known "Missouri Mule", we breed and utilize five prominent breeds of draft horses: **Shires, Percherons, Belgians, Suffolks and Clydesdales**. Surely, you admire the size (from the large draft horse to the miniature mule), beauty, grace and endurance these animals exhibit. Look at those feet!

The Missouri Draft Horse and Mule Association, Inc. invite you to join us in our efforts towards promoting draft horses and mules. Even though you may not own or have access to these animals, your interest alone is welcome. **COME JOIN US!**
